

**SECTION 01900**  
**SECURITY REQUIREMENTS**

**PART 1 - GENERAL REQUIREMENTS**

**1.1 Related Documents**

- A. All sections of Division 1.
- B. Examine all drawings and all other Sections of the Specifications for requirements therein affecting the work of this Section. Work shall be coordinated with other trades prior to installation to prevent interference and relocations.

**1.2 Security Clearances**

- A. The General Contractor is to supply the Department of Corrections with names, dates of birth, and social security numbers of all employees who will be on site. This information must be submitted one (1) week prior to access to the site. The Department of Corrections has final word on who will or who will not be allowed on the project premises.

**1.3 Contractor and Employee Security Precautions**

As the project site is an operational Correctional Center the Contractors must take the following security precautions.

- A. Parked vehicles must have their keys removed and doors locked. Under no circumstances will firearms, drugs, or alcohol be kept in vehicles.
- B. No firearms, illegal drugs, or alcohol will be allowed on premise. Violators will be prosecuted.
- C. When necessary for employees to enter secure portions of the Facility, they may be subject to search and inventory of tools.
- D. Employees are to avoid fraternizing with inmates.
- E. All tools must be either in use, locked up, or removed from the site. Any tools found unattended will become the property of the Department of Corrections.
- F. If any tools, or portions of tools such as hacksaw blades, are lost or misplaced, the disappearance shall be brought to the immediate attention of the Director of Security.
